

September 8, 2023

TO: David Aguayo, President WWMA  
CC: Kevin Schnepf, CDFA-DMS

FROM: Theodore Brillhart, Technology Director, Fluke Electronics corp.

Mr. Aguayo,

I'm writing today to lend my company's support for the Form 15 proposal submitted by Mr. Kevin Schnepf (CDFA-DMS), dated August 14, 2023. [Stated purpose: To amend NIST HB 44 Section 3.40 by changing the exemption period for DC EVFS from 2028 to 2025.]

Fluke is fully aligned with the purpose and justification for this proposal and similarly requests that this becomes a voting item for the next NCWM agenda. Please forward this letter to all concerned or relevant WWMA personnel and committee members.

Sincerely,

Theodore (Theo) Brillhart  
Fluke Electronics Corp.
